# SANJAY G. L.

**AI, ML & Python Developer | Full-Stack Developer | BCA Student**

Shivamogga, Karnataka, India • +91 81239 81877 • **sanjaygl2006@gmail.com**
**LinkedIn:** linkedin.com/in/sanjay-gl-b86631336 • **GitHub:** github.com/SanjayGL-8123 • **Portfolio:** sanjaygl30ai.vercel.app

## PROFESSIONAL SUMMARY

BCA student (3rd year, 5th semester) at PES Institute of Advanced Management Studies with hands-on experience building machine learning, computer vision and full-stack web applications using Python (Flask, FastAPI), React and JavaScript. Currently interning as an AI, ML & Python Developer at Milano Infotech; previously recognised as a Star Performer in an AICTE-recognised web development internship. Seeking internship, part-time and freelance roles to build practical, AI-driven software.

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages:** | Python, Java, JavaScript (ES6+), C/C++, SQL, HTML5, CSS3 |
| **AI & ML:** | Scikit-learn, TensorFlow/Keras, OpenCV, YOLOv8, CNNs, Gemini API, Prompt Engineering, Agentic AI workflows |
| **Frameworks:** | FastAPI, Flask, React, Electron.js, Socket.IO |
| **Databases:** | MySQL, SQLite, MongoDB, PostgreSQL (basics) |
| **Tools & Cloud:** | Git, GitHub, Docker, VS Code, Vercel, Google Cloud Run, Azure Fundamentals, Kali Linux |

## EXPERIENCE

**AI, ML & Python Developer Intern — Milano Infotech** **Aug 2026 – Present**

*Shivamogga, Karnataka (Offline)*

- Develop machine learning models, computer vision pipelines and deep learning workflows in Python.
- Build Python automations and integrate AI systems with secure backend APIs.

**Web Development & Designing Intern — Oasis Infobyte (AICTE OIB-SIP)** **Feb 2026 – Mar 2026**

*Remote | Certificate ID: OIB/F1/IP353 | Star Performer*

- Completed an AICTE-recognised internship (Certificate ID: OIB/F1/IP353) building and deploying real-world web projects.
- Awarded Star Performer for dedication, code quality and timely delivery.

## EDUCATION

**Bachelor of Computer Applications (BCA) | 3rd year, 5th semester** **2024 – 2026**

*PES Institute of Advanced Management Studies (PESIAMS) — Shivamogga, Karnataka*

**Pre-University Course (Science)** **Completed 2024**

*PES PU College — Shivamogga, Karnataka*

## KEY PROJECTS

**DataGauge — Dataset Quality Monitoring System** **Python, FastAPI, React, Pandas, JWT, Recharts**

- Built a full-stack platform that scores uploaded CSV/Excel datasets from 0–100 and flags completeness, validity and outlier issues.
- Added guided data cleaning, 10+ check modules, 10 chart types and PDF/Excel report export.

**DermAI — AI-Powered Skincare Diagnosis App** **Python, Flask, TensorFlow, Keras, OpenCV**

- Trained a deep learning model for skin lesion analysis (94% accuracy, 75 epochs) with inference under 120 ms.

**Accident Risk Prediction — Road Safety Classifier** **Python, Flask, Scikit-learn, Pandas, SQLite**

- Built a Random Forest classifier on 10k+ records (98% accuracy) using traffic, weather and road-density features to forecast hazard levels.

**Traffic & Vehicle Detection & Smart Attendance (YOLOv8)** **Python, YOLOv8, OpenCV, PyTorch, Flask, React**

- Developed real-time object detection for traffic monitoring and an automated classroom attendance tracker with a React teacher dashboard.

**Sai AI Assistant / Vinayaka AI Chatbot** **Flask, Gemini API, OpenAI, SQLite**

- Built AI assistants with Gemini/OpenAI cascade fallback, multilingual and voice support, and session storage.

**Resume Analyzer — ATS Compatibility & Skill Gap Analysis** **Flask, MySQL, TF-IDF**

- Scores resumes against job descriptions, highlights missing skills and stores analysis results.

**PureWeaves — Saree & Textile E-Commerce Platform** **Flask, JavaScript, SQLite**

- Built the product catalog, cart, wishlist and WhatsApp ordering; deployed on Vercel and Render with a PWA service worker.

## CERTIFICATIONS

- **Microsoft Azure Fundamentals (AZ-900)** — Microsoft
- **AI and Machine Learning Essentials** — DeepLearning.AI
- **Cybersecurity Fundamentals** — Cisco Networking Academy
- **HackerRank** — JavaScript, SQL, Java, CSS and Python (Basic)
- **Data Structures and Algorithms in Java** — Coding Ninjas
- **Safe & Responsible Use of AI Quiz** — MeitY / ISEA / Digital India
- **87+ certificates in total** across technology, internships and government programmes

## ACHIEVEMENTS & VOLUNTEERING

- **Star Performer**, AICTE Oasis Infobyte Web Development Internship (2026)
- **PRAVIDHI State Level BCA Tech Fest** (coding event), JSS College for Women (2026)
- **Cyber Security Cadet**, C-DAC / ISEA / MeitY
- **NSS Volunteer** (2023 – Present) and **YFS / Mera Yuva Bharat Volunteer** (2024 – Present); Certificate of Recognition from the Ministry of Youth Affairs & Sports

## LANGUAGES

**Kannada** (Native) • **Tamil** (Native) • **English** (Professional)
